Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

GREAT ACTIVITY AT THE PENDLETON WOOLEN MILLS.

The near approach of Christmas evident if one will but go up to the Woolen Mills. There everything bustle and activity. Every machine in the mill is being worked to its full capacity to fill the rush orders that have come in.

On one order alone from a firm at Gallup, New Mexico, it will require 1200 robes.

The money spent in advertising the past few years is just beginning to show returns and the Christmas trade for this year will be the largest in the history of the institution.

The requests for catalogues and information regarding these famous goods come from all over the world and it is a common occurrence to have to call an express wagon to take the day's mail to the postoffice.

The number of these robes being forwarded on individual orders alone is sufficient to prove that these goods cannot be found in the local stores and when these are added to the large numbers being distributed over the counters of the various stores throughout the country, Pendleton people can see what an interest has been created in the products of the local mills.

The garments have not been shown to the trade at large, yet the demand for this new line has far exceeded the capacity of the machines now installed.

At the present time more orders for these garments are on file than can possibly be turned out before Christmas.

Mr. Phillips, treasurer of the Root Newspaper Association, publishers of The Dry Goods Economist, The Dry Goodsman, The Dry Goods Reporter and the Pacific Merchant, called at the mills one day this week and upon seeing the Bath Robes, Lounging Robes, Smoking Jackets and Toboggan Coats now being manufactured, predicted a greater success for these garments than even the Indian Robes had been, and said if they were placed before the merchants next year he did not think the present mill would be able to turn out even cloth enough for the garments alone.

In making up Christmas lists Pendleton people should include assortment from our home town and thus help in a way to advertise not only the local institution, but the city of Pendleton as well.

Milwaukee has her beer; Grand Rapids her furniture, and Pendleton her Indian Robes and Blankets.

Just received the finest and largest assortment lot of stoneware ever brought to Pendleton. We will sell this high grade as low as others sell cheaper grades. Every jar guaranteed. C. Rohrman.
